By

SANTA RITA LANDSCAPING, INC.

Jorge Estrada, Raul Rodriguez and Mario Romero continue to go above and beyond expectations for completed work per day... and are to be congratulated with the precision with which they complete this work. This work helps all in the Builder Division by allowing the other field personnel to concentrate on the other aspects of their job that in the past may not have been able to be completed. Way to go!

The Rough Grade Crew has gone beyond expectations... they were to do 3 to 4 rough grades a day... they are completing 5 a day!!!! Great performance!
